**Court 5 Aberdeen Sheriff Court, Castle Street, Aberdeen
(Please enter by the main entrance and you will be directed to the
court 5)**

PROFESSOR JAMES H K GRIEVE, forensic pathologist

“Forensic Pathology: fact and fiction”

Chair: Sheriff Morag McLaughlin

Professor Grieve is a distinguished forensic pathologist with a career spanning nearly five decades. Throughout his career, he has conducted thousands of post-mortem examinations, provided expert evidence in courts and Fatal Accident Inquiries, and contributed to groundbreaking work on genetic causes of sudden cardiac death. Professor Grieve is well known in the crime writing community, advising leading authors and participating at major crime fiction festivals across the UK. Now retired (for the third time!), he is an Honorary Professor at Robert Gordon University. He continues to share his expertise through teaching and advising writers.

In what promises to be a fascinating presentation from a very engaging speaker, Professor Grieve will share experience from his important work as a pathologist and his engagement with the world of crime fiction.

The aim of SASO is to bring together people with a wide range of experience in the criminal justice system so that by listening, talking and sharing experience, a better understanding of our common problems will develop.
Members and non-members welcome.

Solicitors & Advocates, Police and Social Workers and other professions may claim CPD time for attendance at SASO lectures - registration at the event will be available.

Please communicate any enquiries regarding the presentation or SASO in general to:
